

I am skilled in Excel, Python, SQL, machine learning, and statistics, with experience using Business Intelligence (BI) tools to turn data into useful insights. I focus on creating accurate predictive models, improving data quality, and applying machine learning techniques to solve real-world problems. I enjoy analyzing data and helping businesses make better decisions through clear and actionable insights.

SKILLS

Tools and Languages	Python, MySQL, PostgreSQL, Snowflake, BigQuery, Power BI, Excel
Quantitative Skills	RDMS, Data Modeling, Machine Learning, Statistical Analysis, Data Warehouse
Communication	Bengali, English

PROFESSIONAL EXPERIENCE

Junior Data Scientist

Mar 2025 — Present

DataLytics 360

Banani, Dhaka, Bangladesh

- Conducting market research across diverse industry sectors to identify opportunities for AI-driven solutions such as machine learning models, chatbots, and Power BI reports to support client engagement and business development initiatives.
- Working on real-time analytics dashboards for a departmental store chain, ensuring data accuracy and delivering insights on sales, inventory, and customer behavior. Supporting strategic decision-making through automated reporting, category performance analysis, and regional growth tracking.
- Contributed to a completed sales analysis project for a clothing brand by testing and resolving data accuracy and quality issues to ensure reliable insights and product updates. Currently, I am developing an AI agent for the clothing retail sector with various functionalities such as a search engine, a recommendation system, demand forecasting, and a customer support bot to help businesses optimize operations.
- Providing technical support (SQL and Python) in Data Solution 360.

Data Science Intern

Sep 2024 — Feb 2025

Data Solution 360

Banani, Dhaka, Bangladesh

- Developed an end-to-end Power BI project for NGO performance analysis, including data creation, modeling, and interactive dashboard reporting to showcase key metrics and insights.
- Gained expertise in MySQL, PostgreSQL, Data Warehouses, Database Management Systems, and MLOps, with a focus on practical applications in real-world business environments.

Senior Analyst

Jan 2023 — Jun 2024

Orboroi

Uttara, Dhaka, Bangladesh

- Provided high-quality annotated data for tree measurement detection to a forestry company, ensuring 99% quality.
- Assisted the sales and marketing team with lead generation and content creation.
- Awarded the Rising Star award for achieving high client satisfaction and outstanding client management skills.
- Segmentation and annotation of medical images for object detection with a quality greater than 97%.
- Honored with the Employee of the Month award three times for outstanding performance and dedication.

Intern (Industrial Attachment)

Jan 2022 — Mar 2022

Teletalk BD LTD.

Gulshan, Dhaka, Bangladesh

- Worked on an image recognition project as part of an academic industrial attachment course, applying theoretical knowledge to practical applications to engineer and implement a robust image recognition system.
- Utilized state-of-the-art Convolutional Neural Networks (CNNs) to accurately classify images into five distinct categories: human, non-human, clear, unclear, and misaligned.
- Optimized model performance, applied data augmentation techniques to expand the dataset, and leveraged transfer learning to incorporate pre-trained models.
- Successfully implemented the model within an industrial setting at Teletalk BD.

EDUCATION

Bachelor of Science in Computer Science & Engineering, Chittagong University of Engineering & Technology,	Aug 2022
Higher Secondary School Certificate (HSC), Birshreshtha Munshi Abdur Rouf Public College	Aug 2016
Secondary School Certificate (SSC), Jatrabari Ideal School & College	May 2014

ACADEMIC PROJECTS AND CERTIFICATIONS

A Hashing and Autoencoder-based Bangla Fake News Detection System (BSc. Thesis).	Jun, 2022
Applied Data Science with Python Specialization.	Apr, 2021
Python for Everybody Specialization.	May, 2021
Tensorflow Advanced Techniques Specialization.	Feb, 2022
Data Analyst job-ready Boot-Camp.	Feb, 2025
