

Data Analytics Professional skilled in Microsoft Fabric, Power BI, Python, Excel, and statistics. Experienced in building and maintaining scalable analytics solutions using lakehouses, OneLake, and medallion architecture. **Microsoft Certified: Power BI Data Analyst Associate (PL-300)**. Eager to deliver clear, actionable insights that drive smarter business decisions.

SKILLS

Programming	Python, DAX
Visualization	Power BI, Excel
Microsoft Fabric	Lakehouse, OneLake, Medallion Architecture, Data Pipelines, Notebooks
Data Platforms	Microsoft Fabric, SQL Server, Snowflake, BigQuery
Core Areas	Data Modeling, Data Governance, Report Optimization, Statistics

PROFESSIONAL EXPERIENCE

Junior Power BI Report Developer

Oct 2025 — Present

Data Crafters

Mirpur, Dhaka, Bangladesh

- Designed and optimized Power BI reports and dashboards to enhance usability, navigation, and decision-making efficiency, ensuring a seamless user experience.
- Built and maintained semantic models and reports in Microsoft Fabric using Direct Lake, enabling near real-time analytics from OneLake data.
- Developed robust DAX measures, KPIs, and calculations, aligning with business logic and ensuring data accuracy through validation and collaboration with Data & Analytics Engineering teams.
- Implemented best practices in data modeling, performance tuning, theming, and Row-Level Security (TMDL) to deliver scalable, secure, and business-ready reporting solutions.

Junior Data Scientist

Mar 2025 — Sep 2025

Data Solution 360

Mohakhali DOHS, Dhaka, Bangladesh

- Built Power BI dashboards for a retail chain, improving data accuracy and manual reporting.
- Developed real-time sales dashboards, reducing manual reporting by 50%.

Data Science Intern

Sep 2024 — Feb 2025

- Built NGO analytics dashboard using Power BI.
- Hands-on with MySQL, PostgreSQL, data warehousing, DBMS and business analytics projects.
- Delivered multiple portfolio projects (see [Portfolio](#)).

Senior Analyst

Jan 2023 — Jun 2024

Orboroi

Uttara, Dhaka, Bangladesh

- Delivered 99% accurate annotations for forestry & medical imaging
- Supported lead generation and campaign content

NOTABLE PROJECTS

A. Banking Risk Analysis Solution || [\[GitHub\]](#)

- Built a credit risk system with machine learning and Power BI, **reducing high-risk client identification time by 20%**.
- Delivered MySQL-integrated insights, **boosting loan approval accuracy by 15%**.

B. Marketing Campaign Optimization || [\[GitHub\]](#)

- Performed **EDA, regression, and hypothesis testing** on campaign KPIs, resulting in a **15% increase in conversion rate**.
- Used **BigQuery**, Python, and Power BI to visualize and **optimize reporting performance**, achieving a **10% improvement**.

C. Customer RFM Segmentation || [\[GitHub\]](#)

- Grouped customers into segments (**Loyal, Churn Risk, Big Spenders, etc.**) using **RFM metrics**.
- Leveraged **Snowflake** and Power BI to drive **marketing strategy** and **increase sales trends by 5%**.

D. Credit Risk Modeling || [\[GitHub\]](#)

- Built **credit scoring models** using **XGBoost, Random Forest, and Logistic Regression** with **SMOTE**, achieving **97% accuracy**.
- Applied **SHAP and LIME** for **interpretability**, and evaluated using **AUC and KS metrics** to **reduce the default rate by 10%**.

CERTIFICATES

Microsoft Certified: Power BI Data Analyst Associate - [Credential](#)
Applied Data Science with Python Specialization - Coursera - [Credential](#)
Python for Everybody Specialization - Coursera - [Credential](#)
Data Analyst job-ready Bootcamp - Data Solution 360 - [Certificate](#)

ACHIEVEMENTS

- **Rising Star Award** – Orboroi
- **3x Employee of the Month** – Orboroi
- **Full-Time Offer** after 6-month internship at DataLytics360

OTHER ACTIVITIES

- **Programming Contest Coordinator** – Organized CSE Fest 2019 at CUET with CUET Computer Club
- **Workshop Assistant** – Supported “Battle of Insights” by Data Solution-360
- **Community Contributor** – Shared data insights and resources via Facebook and LinkedIn

EDUCATION

BSc. in CSE-Chittagong University of Engineering & Technology - **CGPA: 3.03** **Feb 2017-Aug 2022**
Relevant Courses: Data Structures and Algorithms, Machine Learning, Applied Statistics, Database Management etc.
